

MEYER PRO SERIES 1500

The Meyer Pro Series 1500 is Meyer's premier hydraulic-drive blower, engineered for maximum speed, precision, and efficiency. This all-fiber, large-capacity machine delivers fast, consistent, and uniform open-blow coverage—making it ideal for high-volume applications.

Powered entirely by a fully hydraulic drive system, the Series 1500 supplies power to the hopper, feeder, and blower without the need for clutches, transmissions, belts, or pulleys. Meyer's innovative hydraulic design eliminates these components, reducing maintenance and increasing reliability.

Drop Down Loading Shelf

Remote Cord Holder

Air Bleed Relief Valve

Integrated Control Panel

4" Hose Outlet

- Large 5-6 Bag Holding Capacity
- Electrically Actuated Metering Gate
- Variable Hydraulic Blower Motor
- Variable Hydraulic Agitator Motor
- Hydraulic Feeder/Shredder Motor
- Hydraulic Bypass System
- Easy Access Front Seal Change-Out Door
- 5L Positive Displacement Blower
- Heavy-Gauge Steel Construction
- Weight Loaded Pressure Relief Valve
- 200 Ft. 3-Way Remote Control Cord
- 2-Year Manufacturing Warranty

Model	Engine	Weight
1500E	Hydraulic-20HP, 160V, 3 Phase	1,700 lbs
1502	Hydraulic - PTO Design	1,600 lbs
1505	Hydraulic - 3 Cyl., 25 HP Kubota Water Cooled Gas Engine	1,800 lbs
1506	Hydraulic - 3 Cyl., 25 HP Kubota Water Cooled Diesel Engine	1,800 lbs
Dimensions	Length: 86" Width: 47-3/4" Height: 72"	
Processing Rates	Cellulose: 5,250 lbs/hr; Fiberglass: 2,400 lbs/hr
